BUDGET:	EUR 23,000.00

PROJECT DESCRIPTION

MMG (Members Manage Grant): Enhancing Maternal and Child Health through AFYA JUMUISHI: A Comprehensive Approach in Korr, Makuyu, and Nzaikoni, Kenya. The project seeks to improve the health status of marginalized communities in Korr, Marsabit County, and rural-urban areas of Makuyu and Nzaikoni in Murang'a and Machakos counties. Project aims to sustain the health center for three years, covering medicines, personnel and material expenses. Training initiatives for community health promoters and lay midwives, and awareness creation will extend essential services, focusing on nutrition, hygiene, disease prevention, child and maternal care.

KEY PERFORMANCE INDICATORS (KPIs)

Outcome 1: Increased healthcare access by reducing maternal mortality and morbidity rates.

Outcome 2: reduced under 5 neonatal mortality ensuring food and nutrition for mothers and children.

Outcome 3: Empowering communities in health management by reducing communicable and non-communicable diseases.

Outcome 4: improved food and nutrition, and enhanced overall well-being by providing antenatal care, fortified porridge, community health volunteer training, provision of dairy goats, kitchen gardening, and medical sensitization and awareness campaigns. By enhancing healthcare infrastructure and services. The project intend to reach out to Women Yr1: 2100; Yr2: 3750; Yr3: 1500. Men Yr1: 1700; Yr2: 3400; Yr3:1100.
